

FOR THE PROCUREMENT TEAM & USERS

What changes for your team

The daily workflow, shown in the product: tasks, assignments, documents, and the record they leave behind.

PLATFORM GUIDE FOR TEAMS

What changes for your team

The people who use a tool decide whether it sticks. Here is the day-to-day, shown in the product.

Task board. Work moves across To Do, In Progress, In Review, and Complete, with priority, assignee, and comment count on each card.

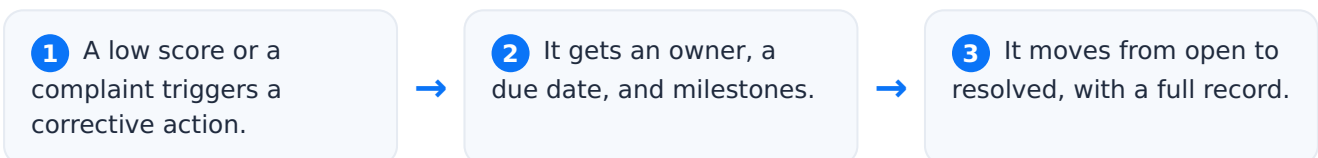

You stop

- Rebuilding scorecards in Excel
- Chasing colleagues for their inputs
- Digging through email for supplier history

You get

- Structured 0 to 10 scorecards
- Tasks and corrective actions with owners and due dates
- One audited record of every action

How a corrective action works

One click today. Eva AI auto-triggered corrective actions are coming soon.

Hi Bert Paesbrugge,

You've been assigned a new task by **Bert Paesbrugge** from **frette** in EvaluationsHub. Please review the details below and take action accordingly.

Task Details

- **Title:** Improve delivery accuracy
- **Description:**
- **Priority:** High
- **Status:** In progress
- **Due Date:** July 13, 2026 6:01 AM

Next Step:

Please log in to your EvaluationsHub dashboard to review, comment, and begin working on the task:

[Start the Task](#)

Assignment email. The owner gets the title, priority, status, due date, and a direct link into the platform.

Documents. Files are uploaded, versioned, star-rated against a method, given due and closed dates, and stored in the EU on AWS Paris.
